**INSTRUCTIONS:**

- Keep your eyes on your own paper or straight ahead. Your face must be visible to the proctors. Hats must be turned backwards.
- Please keep your exam papers **covered** when you are not writing.
- **You are not allowed** to give or receive any assistance to/from another person for this exam. **Please do not** discuss the contents of this exam in Discord until all conflict exams have been taken (there will be an announcement).
- **Allowable materials:** Graphing calculators, writing utensils, blank scratch paper, and a single 2-sided **hand-written** cheat sheet 8.5 x 11 inch maximum. (No printed notes allowed).
- The word **evaluate** means you need to include a **numerical answer** (either a decimal or a reasonably simplified fraction).
- Please show your process (work) for full or partial credit.
- Algebra must be done by hand, even if you are using a fancy calculator to get the answers. If insufficient or no work is shown, **it is possible for a correct answer to receive no credit**.

This exam contains 12 pages and 6 questions. There are (100) points possible.

Good luck! :)
